TTS provider

ElevenLabs

ElevenLabs API Key

Paste a new ElevenLabs API key to replace the stored value.

ElevenLabs key stored for this session. Loaded from Streamlit secrets.

Load ElevenLabs voices

Click "Load ElevenLabs voices" to fetch the voice catalogue.

Voice

Patrick — deep male

Showing default ElevenLabs voices because none matched the requested language.

Parallel audio workers

ElevenLabs rate limits are strict — backend caps workers at 2 to avoid 429 errors.

☒ Include word audio

☒ Include sentence audio

Sentence style

Sentence · Tutor

Neutral Dutch tutor voice. Calm delivery, clear articulation (style 0.35).

Word style

Word · Dictionary

Dictionary-style single word: clean and precise (style 0.15).

Estimated requests: 6 (unique words — 3, sentences — 3).

 Generate audio

Audio progress: 6/6 (100%)

Done: words — 3, sentences — 3. | Styles → sentence: Sentence · Tutor; word: Word · Dictionary | Provider → ElevenLabs

Requests: 6 • Word skips: 0 • Sentence skips: 0

Hide audio options

>  Debug: last model request

Tips: 1) Better Dutch definitions on input → better examples and glosses. 2) From B1, ~50% of sentences include a signal word. 3) Some models (gpt-5/o3) ignore temperature and will be retried without it.
